Crafted from premium aluminium

A minimalistic, modern design crafted out of a refined, premium silver anodised aluminium alloy that stylishly complements most modern day smartphones. Silver anodising is an electrochemical process that converts a metal surface into a decorative, durable, corrosion-resistant, anodic oxide finish. Anodised aluminium is considered environmentally safe, producing few, if any, harmful effects on land, air, or water.

Designed for most smartphones

The dual output of the Anywhere 5000 features a universal USB connection, allowing you to use your own device's charging cables. The Anywhere 5000 is compatible with most smartphones, providing up to 1 full charge of an iPhone 7 and 2 full charges of an iPhone 6. (Note: A Micro USB charging cable is included to charge the power bank, but specific device charging cables are not included).

LED indicator lights

4 LED indicator lights provide battery charge status. Simply push the button on the side of the Anywhere 5000 and count the number of LED lights illuminated. If one light is shown, then the power bank is at 25% capacity. If two lights are shown, the power bank is at 50% capacity. If three lights are shown, the power bank is at 75% capacity. And if all four lights are shown the power bank is at full capacity.

Product description

Perhaps you are the kind of person who desires perfection. Perhaps you long for that perfect companion on your travels; with a kind of minimalistic, ergonomic design that fits neatly into your pocket, and with a kind of finish that allows your fingers to lightly brush over sleek, refined aluminium.

Perhaps you are also the kind of person who desires performance, which means you strive for results - Both in charge speed, and device optimisation.

And if you are - Then are you also the kind of person who, above all else, desires protection? Protection of your device, and protection of yourself...?

Then this - is the Desire2 Charge Anywhere 5,000 mAh Power Bank presented in sleek, refined aluminium.

With ChargeSmart Technology automatic device detection delivering the fastest possible charge through dual 2.4A USB ports, and StaySafe Technology ensuring certified protection for you and your device, the Desire2 Charge Anywhere 5,000 mAh Power Bank could be your ultimate object of desire.

Technical specification

Compatible Devices : All Apple iPhone with Lightning, All Samsung, All Nexus, All Sony Xperia, All HTC, All Microsoft Lumia, All LG

Box contents : Power Bank

Product height : 138.00

Number of ports : 2

Power output : 2 x 2.4A U

Battery type : Lithium Ion
